Salary Increases for CSU-AAUP Members

Paychecks dated 9/20/13 should reflect a salary increase for most CSU-AAUP members (if you just began your first year, you will not see a raise in your paycheck). The rates for part-time members increase by 5% over last year. The full-time payroll base will be increased by 5% (see Article 12.5.3 here for the formula that determines individual salary increases). Full-time members will receive increases that range from 3% to 6.6%.

Faculty Invited to Attend Student Summit at CCSU

CSU-AAUP faculty are invited to attend the "Student Empowerment Summit on Higher Education" on Saturday, 9/28 and Sunday, 9/29 from 10 am - 5 pm. The event will be held in DiLoretto Hall, Room 001, at CCSU.

There will be workshops, discussions, trainings, and nationally recognized speakers on student power.

The goal of the 2 day conference summit is to engage and educate college students and faculty from across our state on the many important issues surrounding our higher education system in Connecticut. Tuition has steadily risen over the past few years and many people who want to get an education find that they can no longer afford to do so. With the merger of the Community Colleges and State Universities into one system (ConnCSU); Connecticut's college students and faculty from all around the state have found that they have less say and no input on the important issues that affect our everyday lives on our college campuses.

Join the students to make colleges more affordable, accessible, and available to all.

To register for the event, please go to <http://bit.ly/15pPpyG>. More information can be found here.
