

# Capitol Monitor

A Weekly Report on Activity at the State Capitol Vol. 3, Issue 1 | January 15, 2013

## Legislative Session Opened January 9

The Connecticut legislative session began this year on January 9 and is scheduled to adjourn on June 5. This newsletter will be distributed weekly during the legislative session to inform the CSU-AAUP membership about legislation that has the potential to effect the wages and/or working conditions of members of our bargaining unit. In addition, CSU-AAUP and our lobbying firm, Betty Gallo & Company, monitor any matters that endanger the principles of academic freedom and shared governance. Finally, CSU-AAUP continues to educate the members of the Connecticut General Assembly regarding such matters as teaching load, tenure, and student financial aid, among others. Public participation and influence in the legislative process is extremely important. It is important that the membership speaks out on issues important to them, their colleagues, their institution, and their students. No one is better at advocating on your behalf than YOU.

## How to Track a Bill

The Connecticut General Assembly allows for electronic tracking of any legislation. What this means is that once you have added a bill to your account, the system will email you whenever there is a new action taken on the bill such as the scheduling of a public hearing or committee vote.

To sign up, please visit Bill Tracking on the General Assembly website. Enter an email address and create a password. You can add a bill individually by its number or have all bills introduced by a certain legislator or committee added to your account.

## **Committee Leadership**

### **Appropriations**

Toni Nathaniel Harp (D-New Haven), Senate Chair  
Toni E. Walker (D-New Haven), House Chair
