Appropriations Committee Releases Its Budget

The Appropriations Committee of the General Assembly released its version of the state budget on Thursday, March 29. In the budget, Connecticut State University and the Community-Technical Colleges were each cut \$100,000.

In addition, the Committee recommended a five million cut in funding to the Connecticut Aid to Public College Students Grant, which provides financial aid to Connecticut public colleges. The Governor's budget did not include this cut to the grant.

The budget is not final; negotiations continue between legislative leaders and the Governor's office.
